

Accessibility Statement

Effective Date: June 2026

This work is for those who sense there is more — and that includes everyone. Awakened Pathways is committed to ensuring that this website is accessible and welcoming to all visitors, regardless of ability or the technology they use to navigate it.

Our Commitment

We are actively working to ensure that lauriingram.com meets the Web Content Accessibility Guidelines (WCAG) 2.1 at Level AA — the internationally recognized standard for web accessibility. These guidelines help make web content more accessible to people with a wide range of disabilities, including visual, auditory, cognitive, and motor impairments.

This site is built on the Wix platform, which has made significant investments in accessibility and works toward WCAG 2.1 AA compliance at the platform level. We build on that foundation with thoughtful design choices of our own.

What We Are Doing

Our ongoing accessibility efforts include:

- Using clear, readable fonts and sufficient color contrast throughout the site
- Providing text alternatives for non-text content where possible
- Structuring content with clear headings to support screen reader navigation
- Ensuring that interactive elements such as forms and buttons are keyboard-accessible

- Reviewing new content additions with accessibility in mind
-

Known Limitations

While we strive for full accessibility, there may be areas of the site that are still in progress. Some third-party content — including embedded tools, external links, or resources hosted on other platforms — may not fully meet accessibility standards, as these fall outside our direct control.

We are committed to addressing known gaps as they are identified and to improving accessibility on an ongoing basis.
